

Fire-fighters boot

Also suitable for Search & Rescue operators

Main features

_CE Certificate : EN 15090:2012 F2A H13 CI SRC P.P.E. Category 3

_Color : black

_Weight/pair : 2380g for size 42

_Height : 34cm for the size 42

_Size range : 36-49 (50-51 upon request)

_HS code : 64039193

_High visibility PPE

_Light and flexible

Référence : **BCP9016**

COMPOSITION

_Upper : Full grain bovine leather, wather-repellent, thickness 2.0 - 2.2 mm

_Lining : Highly breathable Cambrelle®

_Reflective Insert : Grey Reflex Scotchlite 3M fabric

_Elastic insert : An elastic band is positioned in the instep area, permanently anchored to the insole, in order to hold the foot in the correct position.

_Toe cap : Very light aluminium toe cap, asymmetric with supporting base, resistant to 200 Joule. It cannot be removed. A plastic soft padding on the upper edge of the cap protects the feet while flexing.

_Heel cap : Synthetic non-woven fabric, 1.8 mm thick, impregnated with thermo-adhesive resins.

_Upper cap : Special rubber, thickness 1.8 mm, wear-, heat and shock resistant.

_Sewing thread : Kevlar® Filament, permanent flame-retardant

_Three-layer sole :

- Foot-bed : made out of layer of moisture transmitting felt and with an upper covering made of anti abrasion non wovenmaterial 100% PA.
- Insole : made by a multilayer construction using special antiperforation composite textile material
- Sole : Nitrile rubber cemented sole, heat resistant at 300°C, antistatic, oil and petrol resistant, high wear-resistant, slip-resistant SRC
