USER INSTRUCTIONS

This garment is designed for inclement weather, it provide protection against wind, rain and snow.

WARNING : This garment is not PPE. It is neither a training suit nor an intervention suit, and it must under no circumstances be worn during firefighting operations.

CLEANING AND CARE

Garment Preparation :

- Turn the garment inside out before washing to protect the retroreflective bands from friction against the drum of the wasing machine
- Adjust the number of garments to be washed according to the machine's capacity. (The weight of a parka with its lining is approximately 1.7kg, depending on the size.)

Wasing machine Settings :

- TWash at 40°C.
- Use regular detergent without fabric softener.

Drying :

- Air dry only. Do not use a tumble dryer.

Waterproofing maintenance :

Reproof every 5 washes using a spray-on or machine-washable water repellent treatment
